Section (number, title)	

By sending the article for publication in the collected book of the international scientific conference “THE TENDENCIES OF ECONOMIC DEVELOPMENT IN THE XXI CENTURY” to the e-mail ef_conf032021@mail.ru, I, (full name), confirm that the study was conducted by me personally, all borrowings have links to sources and I agree to the gratuitous (without payment of royalties) publication of my article in the conference collected book

Based on the results of the conference, an electronic collection of materials will be published with placement in the RSCI.

Participation in the conference, placement and publication of materials in the electronic collection is on a **free-of-charge** basis.

The deadline for submission of materials for participation in the conference is until February 20, 2021 to the email address: ef_conf032021@mail.ru

File name format: Full name_№ of Section.doc
(example: I.Ivanov_1.doc)

The volume of materials provided must not exceed 3 pages.

No more than two materials of reports are accepted from one author.

Requirements for submission of the materials for the conference

During the preparation of the materials please follow the requirements provided below. Texts drawn up not in accordance with the requirements will not be accepted for publication.

General requirements and an example of forming of conference materials

УДК 53.083.98

ARTICLE'S NAME (font – 12 pt, use capital letters)

I. Ivanov,

candidate for a master's degree of the Faculty of Economics

Belarusian State University, Minsk

Supervisor:

A. Petrov

PhD in Economics, Associate Professor, Associate Professor of the Department of International Management

Belarusian State University, Minsk

Note – Font – 12 pt. Candidate for a master's degree and PhD candidates should put their full name, faculty, educational institution;

for academic teaching staff – full name, academic degree, academic title, position, structural unit of an organization, educational institution, city.

Annotation. An annotation should clearly state the content of an article, be terse, precise and informative; it should reflect the main and valuable in the opinion of the author (authors) stages, objects, their signs and conclusions of the study. Volume is from 100 to 500 characters.

Keywords. The recommended number of keywords is 5-7; the number of words inside the keyword phrase should be no more than 3. Keywords are separated from each other by a semicolon.

Full names and position of authors, the title of materials, annotation and keywords should be given in Russian (Belarusian) and English.

A text should be stated in scientific language and have a clear semantic structure.

A text should be formatted as follows: font – Times New Roman 12 pt (for a heading and body text) and 10 pt (for tables and the list of reference links); line spacing – single; margins: top – 20 mm; bottom – 20 mm; left – 30 mm, right – 1.5 mm; paragraph indent – 1.25 cm; text alignment – page width; hyphenation – no; format – A4.

In the text, spaces separate the spelling of the percentages (for example, 50 %)

The text must contain references to the sources used as they are mentioned in the text (enclosed in square brackets [1, 2]), tables (table. 1), figures (Fig. 1), formulas (formula (1)).

Tables should be aligned (path: layout → auto-fit → auto-fit to the width of the window). Alignment of the text in tables in the center. If there is no digital or other data in any row of the table, then a dash is put in it.

Table 1 – Structure of investment in fixed assets by type of economic activity

Countries	Total	В том числе в:					
		industry	agriculture, forestry and fish industry	building industry	transport and communications	trade, car repair	other industries
Belarus							
Russia							
Ukraine							

Note – Source: [1].

Illustrations (drawings, graphs, diagrams, computer printouts, diagrams, photographs) should be placed immediately after the text in which they are mentioned for the first time, or on the next page. Tables and figures are separated from the main text by empty lines.

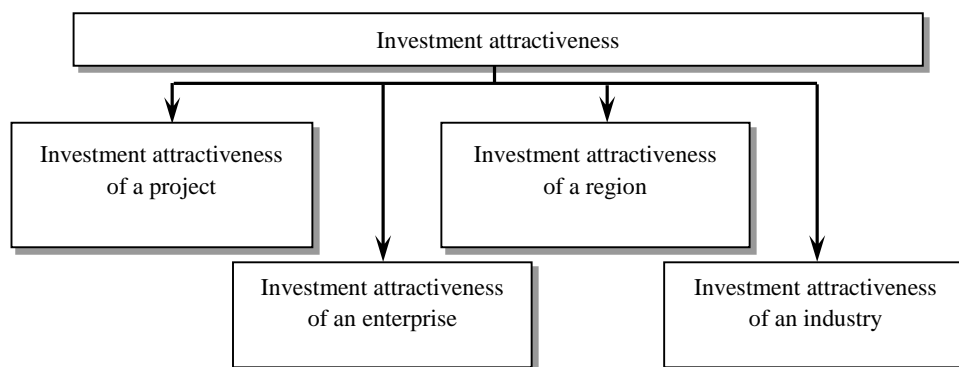

Figure 1 – Classification of investment attractiveness by investment object

Note – The author's self-developed figure on the basis of [42, p. 88–99; 133; 138; 141, p. 168–178].

All quotes in the text are enclosed in quotation marks. At the end of the article is cited a bibliographic list drawn up in accordance with the requirements of the Higher Attestation Commission of the Republic of Belarus (Order № 206 from 08.09.2016; <http://www.vak.org.by/index.php?go=Pages&in=view&id=272>).
